

April 4, 1975

SENATOR DICKINSON: If the bill is bracketed, then where does it go, and Senator Lewis, I'll elude this a little bit and perhaps we'll have to go to the speaker. These bills have been pulled up, especially and they surely tried to pick non-controversial bills. Obviously some of them weren't. If it is bracketed, does it maintain its place somewhere at the top of the files or does it go back to its original position on general file.

PRESIDENT: I'm sure that if these Senators can get the language straightened out that they will approach the speaker and persuade him anyway him anyway they can. I don't know.

SENATOR DICKINSON: Well it should go back to its original position. It would seem to me in fairness to all the ...

PRESIDENT: I would think so. But then that is not the Chairs responsibility. Senator Cavanaugh. We're discussing the bracketing of the bill.

SENATOR CAVANAUGH: I will agree with Senator Lewis and concede that the bill can go forward understanding its purpose to be the limited purpose with Senator Kennedy is expressed. I think that I had a legitimate concern when I raised questions about the language and the powers that the language conferred. Senator Lewis denied that they conferred that power and the clear meaning of the language was that they did. Now, that I understand and I believe in good faith that is not their purpose to grant this broad power to the technical colleges I am completely cooperative to let the bill advance, we can amend it on Select File with the appropriate amendment that it achieves the desired goal of Senator Kennedy's original expression. So I would think that we can let this bill go by and maybe save some time.

PRESIDENT: Senator Kennedy.

SENATOR KENNEDY: Under the circumstances I would like to withdraw my motion to bracket it and lets proceed. I'm sure that Senator Cavanaugh and Senator Lewis will get together and clarify the language. I hope that you would all vote and we could proceed. I didn't think that we would have a problem here, and I'm sure that we still don't but lets vote to pass LB371 as amended and we can clarify it on Select file.

PRESIDENT: There is a request for unanimous consent to withdraw your motion to bracket, are there objections? Seeing none, it is so ordered.

SENATOR KENNEDY: I would like to move that LB371 as amended move on to E & R Initial.

PRESIDENT: You hears the motion, record your vote. Record

CLERK: 28 ayes, 2 nays and 19 not voting.
